

Joanne LAU

Hello! I am Joanne Lau. I was born and raised in Hong Kong, but I grew up in Vancouver, Canada and lived there until the summer of 2004.

When I am not teaching, I enjoy watching movies, listening to music, shopping, and discovering the wonderful food available in Hong Kong. I also like to play guitar and drums. As you can see, I have a Golden Retriever names Venus. She is over twelve years old and I love her very much.

I have worked with children of all ages for about three years, but this is my first year at Victoria. I am really looking forward to working at Victoria because I was once a student myself twenty years ago. I'm sure the children I meet this year will have as much fun as.
