Message from Interim Executive Principal of VEO 執行校長的話

Mrs Lynette CHEETHAM

Dear Parents,

We had a great start to the 2018-2019 academic year with the Annual General Meeting (AGM) held in September. We welcomed the new elected Committee Members who have already shared their expertise and skills in organising different events for our school community. We truly appreciate that our PTA is extremely active and commits an unwavering amount of time and effort in organising events for the benefit of our children and the VEO Community.

Organisation-wide, we have already enjoyed the celebration of Teacher's Appreciation Day in September and the Christmas Wriggle, Twist & Giggle with Scotty in December. The VEO Carnival, which is a new event for us, will take place on 16 March. It will be a fantastic opportunity for all the VEO families to come together to play games, raise money for the PTA, and enjoy some fun together. There are many more worthwhile and rewarding organization-wide events coming up this year. Please join us.

Some of the campus based events already held this year include the Christmas Music Box Creation, the charitable Playright Fun Flag Day and New Year Fair Charity Sale, the Parent-Child Drum Jam and Dance, Cake Baking, Doctor for a Day, a Talent Show, a Seminar on "High EQ Families - Emotional Management and Effective Communications with Our Children", Christmas Cookies, the Christmas Miniature Fantasy World Art Workshop, the Aviation Exploration Tour, Parent Sharing Sessions and a Primary Sharing Session.

Kindergarten is a time of immense growth in young children and a time to build special relationships and friendships that can last a lifetime. We are very fortunate to have a PTA that works together to bring our community even closer by organising unique family events that educate, energise, inform and inspire both our children and parents.

Our invaluable PTA plays an instrumental role in supporting our schools by organising, engaging and inspiring events that bring our VEO community together. During this academic school year, we have already enjoyed a number of these wonderful events organised by our PTA for our students and their families.

In September, each of our campuses celebrated Teacher Appreciation Day, a meaningful opportunity for children to learn gratitude and show appreciation while honoring our dedicated teaching staff.

There were also many fun, individual campus-based events, such as “Doctor for a Day”, “Plantation Family Tour”, “Little Smudges Drama”, “Parent-child Drum Jam and Dance”, “Aviation Exploration Tour”, “Parent-child Cake Baking Fun”, “Parent-child Christmas Cookies”, “Christmas Music Box”, “Playright Fun Flag Day” and Seminar on “High EQ Families - Emotional Management and Effective Communications with Our Children”.

Finally, in December, many students and their families from across the Organisation shared many laughs while being entertained at the “Wriggle, Twist and Giggle” show with Scotty.

We look forward to many more exciting organization-wide events coming up this year and hope to meet you there.

To all our returning and new fellow Victorians, a very warm welcome from the Chairpersons of the seven campuses this year! Together with the support of 64 dedicated Parent and Teacher Excom members, we have started the year on a roll with a variety of campus based and VEO-wide activities focused on creativity, discovery, music and fun. Specifically, these included students designing their own Christmas music boxes and snow globes, baking, participating in an Aviation tour, being a doctor for a day, African drumming, enjoying a wonderful Puppet Show and workshop as well as wriggling, twisting and giggling with our much loved Scotty along with his special Christmas guest, Santa Claus.

We would like to express our appreciation to our Principals and school staff who dedicate their time to the advancement and enjoyment of our children, and who take time out of their already busy schedules to help us with our PTA activities. Each of the activities were very popular and brought lots of happiness to the participants, demonstrating the passion and enthusiasm of parents and students alike with the program that we have tailored for this school year.

The PTA will continue to develop, organize and support new activities in the coming months within and outside the campuses. We look forward to your continued ideas and support, as well as seeing many of you in these activities soon!

The 23rd Annual General Meeting & Seminar on “How to Read our Children’s Minds”

第23屆週年會員大會暨「如何解讀孩子心？」講座

25 - 10 - 2018

Chief Coordinators 統籌委員：Mrs Jessica CHAN, Mrs Alice CHUNG and Mrs Sophia HUI

Sub-committee 小組委員：Mrs Esther CHENG, Mrs Wendeline HUNG, Mrs Vivien LAU and Mrs Queenie TSUI

Speaker 講者：Mr Rex WU, Healthymind Parent Academy 正向家長學院院長 胡君孟先生

We started the AGM by dedicating moment of silence to our beloved Principal AU of South Horizons campus, who had passed away in the summer. We invited her husband, Mr CHU, and her eldest son, Mr Cobe CHU, to receive a memorial souvenir on stage, as a token of thanks to Principal AU's continuous dedication and contribution to the school and the PTA.

In the meeting, we shared with our members the amazing activities we've organized in year 2017-2018. We expressed deepest gratefuls to all Excoms who have been extremely dedicated in organizing fun and educational events for our parents and students. We welcomed all the newly elected Excoms and looked forward to academic year 2018-19! After the AGM, we were honored to invite Dr Rex WU to conduct a seminar on “How to Read our Children’s Minds?”. Dr WU covered topics on relationship in between emotion and psychological development, and how to positively “communicate” with our children according to their emotion signs.

「Value Children Value Play 看重孩子 看得起遊戲」是智樂的口號，機構致力推動遊戲為本的活動，將遊戲體驗帶給小朋友及醫院病童，我十分認同遊戲對孩子成長的重要性，亦很高興維多利亞家長教師會今年再度與智樂合作，派出小小義工參與賣旗日，希望讓小朋友參與公益活動，為機構籌募善款令更多兒童受惠。

一個三號風球的星期六早上，我們六十多位熱心的小小義工，穿上他們最喜愛的造型服飾，滔滔蕩蕩的走到街上為智樂賣旗籌款出一分力。感謝一眾家長義工帶領着小公主、正義聯盟小英雄、迷你蝙蝠俠以真摯的笑容和童真落地地向途人勸捐，場面既可愛又感動。感恩當日天公造美，令小小義工能在晴天下順利完成任務，渡過了非常有意義的一天。

Once my boys asked me why people are selling “stickers” on the street, it took me some times to explain to them. Thanks very much to Victoria PTA for organising this Playright Fun Flag Day. It has given our children a clearer idea about giving and helping others isn't limited to the people around us, we can also do charity to help anyone who is in need. I am glad that they feel the joy of helping others through this activity. We really appreciate this opportunity and it was such a great and meaningful experience for us all.

Thank you Victoria PTA and Playright for this opportunity for students on flag selling. Many of them joined for the first time in their life. To approach people selling flags was a good challenge for the children to get out of their comfort zone, as well as practicing their language skills with people from different places. We all have obligations and duties as a member of the community; this volunteer experience allowed children to serve the community with the level of skills they have. Hence, it was about how much you are willing to give back people who are in need. Last but not least, it was a great fun day with the “stickers” and fantastic experience for us all.

Chief Coordinators 統籌委員：Mrs Sophia HUI and Mr William SAGE

The Scotty & Lulu show brought to us laughter and entertainment throughout the hour. We love that Scotty is silly, it doesn't matter if he picks his nose or do whatever ugly on the stage, the kids love it. Instead of sitting attentively, they are highly involved: they stand up, move, sing and dance. We also had great fun with the 'magic tricks', it's a show-time for the audience, a chance for the kids to participate in the show. We are happy that we managed to grab our tickets and let's hope that they will come back for more!

星期六、日總是家長最忙碌的日子，一連串的興趣班接送、特備節目、家庭聚會等排得密密麻麻，但無論如何，必不能錯過「SCOTTY of Scotty & Lulu」這個聖誕狂舞表演！當天Scotty施展渾身解數，他的滑稽和幽默魔術贏得全場的尖叫和歡呼，孩子們跟著Scotty又唱又跳，舞台也差點被踩塌，真是樂瘋了！除看表演外，家教會還預備了很多精美的聖誕擺設和裝飾給我們與校長和老師們拍照打卡，又有聖誕老人派發聖誕禮物，實在是滿載而歸，怎教孩子們不樂而忘返呢！

To get a better understanding of the Government's Primary One Admission System and childhood behavioral problems, we were honoured to have a representative from the Hong Kong Education Bureau, Ms LUK Edna and Behavioral Pediatrician, Doctor Sylvia DOO, to share their views in the evening of 6th September 2018.

Dr DOO is an experienced pediatrician who has over 20 years of experience in children behavioral issues. She started up the Development and Assessment Centre in St Paul's Hospital in 2012 and dedicated herself to serving children with developmental needs. She was appointed the Honorary Assistant Professor of Department of Pediatrics and Adolescent Medicine, University of Hong Kong.

The response to this seminar was overwhelming, with 330 parents attending the event. The seminar was conducted in an interactive atmosphere. Parents were enthusiastic to raise questions and found the seminar very informative.

It was a wonderful experience to make our own music boxes. The little ones enjoyed it very much. Both boys were excited, they had different ideas for the decoration. They were so happy when the music boxes were completed. I think it is great exercise for celebrating Christmas.

We bought one more music box home, the two brothers worked together to make a special Christmas present for their little sister.

Children are naturally curious and you may have come across questions as "what is an x-ray?" or "what goes on in a hospital?". On 29th September 2018, BV PTA had the pleasure to organize an interactive role-play activity where students had a chance to be a doctor in a real hospital. More than 50 BV students dressed in surgeon outfits, took turns getting hands on in various hospital wards, and learned how to use ultrasound to check a baby's heartbeat, how to perform an operation in an A&E Operation Theatre, how to bath a newborn baby and even how to perform percutaneous coronary intervention. All our little doctors had a wonderful and fun learning experience. We want to extend our heartfelt appreciation to endless support from Principal HO, our Head Teacher, Miss Sharon LUI, and the BV school team on this event.

It was an eye-opening and fun tour! Our experienced guides took us to the airport for a close look at the runway, cargo area and the museum. They also shared with us their first-hand experience of working at the airport and taking care of the aeroplanes. The guides taught us many interesting things like aircraft marshalling. We now know why technicians actually greet pilots not by sweeping their forearms, but by sideways rotation, because the former hand signal can mislead the pilot into believing that the aircraft needs to be stopped because of an emergency! Obviously everyone, especially the dads, were very much intrigued!

With the start of a new school term, parents are keen to seek out the most suitable primary schools for their children. On 30th Oct 2018, HG campus parents were very honored to have eight parent alumni return to our school and shared with us their children's primary school experiences. Through this sharing, parents gained insights into the reality of primary schools, and how students have transitioned and adapted into their primary school lives. By the end of the night, parents were surprised to find out how different their expectations are from reality. With a better understanding of the schools, they can now make a more informed decision considering the right school for their children.

Special thanks to all eight parent alumni for sparing their time to do this sharing with us, as well as the endless support from HG campus school team on this event.

Holiday baking has been a well-loved tradition for Christmas and it's a perfect way to kick off the celebration for this festive season.

On the first day of December, we're delighted to bring the first Christmas Cookie Workshop to our Harbour Green campus. Our children have all turned into little bakers. They are having so much fun in rolling the dough and cutting cookies into various Christmas shapes which are then placed into the oven on the ground. Parents and children have also demonstrated their best creativity in decorating the Gingerbread man and snowman cookies with colorful icing. Our school is once filled with the lovely smell of freshly baked cookies on this winter day. It is a truly memorable activity for the families and a great idea to share the joys of Christmas with our own home-made cookies.

The Homantin campus was proud to organise the 'Parent Child Drum Jam and Dance' event for the first time, and it turned out to be an amazing experience for all parents, children and teachers. The jamming event was very well-received and all the tickets were sold-out within thirty minutes.

Young children love a blend of music, movement, rhythm and dance. The Drum Jam is a combination of all that allowed them to enjoy the music and express themselves.

The event provided a unique platform to nurture their creative expressions all in a form of group drumming. Everyone responded to the rhythmic patterning and steady beat. The students not only learnt the basic drum circles techniques such as sculpting the circle, volume dynamics, tempo changes, voicing etc, but also suspense and humour through the use of pauses, faster or slower patterns, and when coupled with song.

Children was highly engaged through the playful interactive experiences on a drum. It also had a deeper meaning of togetherness, diversity, communication and cooperation through a series of fun rhythm games, songs and dance.

All in all, it was a special and amazing event for everyone!

On 10th September 2018, Middle Kornhill hosted a Parent Sharing Night to enhance parent- school collaboration in nurturing the development of our children for PN and K1 parents.

The informative session included sharing from parent volunteers and the Middle Kornhill PTA executive committee about their participating experiences in various activities, which included International Day, storytelling, field trips, graduation dinner, etc. The parents were all very attentive and eager to learn more about how they could be a part of their children's school life. The speakers informed them about the different ways that they could be involved to collaborate with the school to co-organize activities for the children. The inspirational session helped them to understand that the betterment of their children depends on both the school and parents working together as a unit.

"Jingle bells, jingle bells. Jingle all the way!" On 1st December 2018 morning, 48 children and their parents gathered together for the snow globe DIY workshop in our Middle Kornhill campus to unwrap the joy of Christmas.

Both the children and parents worked hard together decorating the piece by designing where to place the artificial snow, colourful beads, Christmas trees and cartoon figures in the glass dome. After they have completed their pieces, a chain of LED lights was inserted into each of their domes. The children were very excited to see their spectacular pieces light up on the long display table. They were all very happy to share their unique pieces with everyone.

We would like to convey our heartfelt thanks to parents, teachers and Principal Wong for supporting this activity. Not only did the kids get to express their creativity, but they also got to bring home a special decorative piece.

We had a great time being little doctors on a lovely Saturday morning with about 60 LK families on 17th November 2018. Dressed in scrubs, the little doctors were led to a total of 6 interactive stations to experience what the real doctors' job would be. Our children had the chance to "work" in the emergency room helping the wounded, also in the nursery looking after new born babies, as well as using the ultrasound machine to detect the baby's heartbeat! All these were invaluable learning experience for our little doctors. The event was rounded up with laughter from all contented children who were given a wonderful gift bag and graduation certificate from the organizer. The activity was professionally run and highly educational, and we hope to organize a re-run in the near future!

As with all other PTA events, the Christmas Music Box Workshop was also very well-organized! When we arrived, the tables were already laid with all the supplies we needed: pretty Christmas figurines, colourful fluffy woolly balls, glittery snow balls, a wooden board, a sheet of pre-cut "grass", different types of glue and a clear music box. Immediately, we felt the Christmas spirit upon us! The instructors were very patient and talked the children through how best to decorate their pieces. The children then got all busy and started working diligently. In no time, magnificent pieces of artwork were created and you could see their happy and proud faces. The event ended with some warm group photos of all the children and their parents proudly displaying their artwork! But the fun did not end here for us! The mechanics of the music box's moving parts caught my son's attention and he became fascinated by it - I am glad the music box itself came in a clear case - so it is not only a decorative piece at home but also a good learning tool! Thank you PTA for yet another wonderful event!

Parents have an important role to play in supporting children's emotional development. As well as growing physically, children develop socially, emotionally and cognitively.

On 10 January 2019, P.T.A. Belcher and South Horizon campuses are honoured to jointly invite Ms Smile CHEUNG, a well-known educationalist and speaker to share her views and experiences how parents could respond effectively to children's emotions. She provided a lot of insightful steps and examples of how parents could manage our own feelings, through talking with our children about feelings and teach our children how to express and manage these feelings.

There were closed to 100 parents attended the event. The seminar was conducted in an amusing atmosphere and the parents were enthusiastic and asked many questions.
