Message from Interim Executive Principal of VEO 執行校長的話

Mrs Lynette CHEETHAM

Hello Parents

I'm sure you will all agree that this is a great time of year. Everyone is looking towards holiday time and a change in pace. It is also a time to reflect on the fantastic effort put in by members of our outstanding PTA. Memories of special and unforgettable activities flood in. The trip to Okinawa was something that reached great heights of cooperation and enjoyable participation. It is impossible to forget the welcome of the Japanese students and their marvellous dance routines not to mention the stunning Sea World adventure and the challenge of the painting of the iconic Shisa, the making of sweet potato tarts, and the taste of the self-made pizzas. Congratulations to all involved. Please look back at your collection of photographs to see just how much the children and the endlessly patient parents enjoyed these happy times. Of course this was just one of many activities organised by our champion PTA. The list goes on and on, and the value, in educational terms, is tremendous and impossible to measure. The children are very fortunate to have been able to mix their talent shows with being able to be a doctor or a dentist for a day. The organic farm visit and other day trips provided even more valuable experiences. The seminar on Student Self Learning, by Mr Rex WU, was an eye-opener for many participants and greatly appreciated by all.

All the above, and more, demonstrate that our PTA is composed of a special group of people who are acutely aware of the value of such activities in their children's education – thank you to you all!

Congratulations to our students, teachers, administrators and parents as we come to the end of another school year!

The PTA had an eventful year and was able to provide our children and their families with the extras that make our school great by participating in and giving back through fundraising events like the Po Leung Kuk Fair for Po Leung Kuk Orphanage and the Spring Lantern Festival Fair for Love Foundation. There were individual campus events, such as “Crayons Makeover” Crayons Collection and Workshop, “Hand-in-Hand, Express your Love through Painting”

Parent-Child Father’s Day Art Jamming Workshop cum Father’s Day special issue, Parent Gathering, Parent-Child Yoga, First Aid Parent-Child Workshop and a seminar on “Raising Independent Children and Self-Directed Learners”. There were also outings for the students and their families, like the Parent Child Aviation Exploration Tour, Doctor for a Day, Little Dentist Day, Mini Rugby Festival and Family Outing on a Ferry. All of these helped to make for a rich and fulfilling year.

Thank you to a very dedicated PTA Executive Committee for their tireless efforts to make this year so successful. Also, thank you to the organizing committees for arranging the wonderful K3 Graduation Camp, Lunches and Dinners, as well as the Graduation Albums. Without your support and that of our parents, a great deal of what we do in school could not be achieved. Many thanks to all of you and we look forward to working more closely with you again in September!

Congratulations to our dear students, teachers, administrators and parents as we sprint toward the end of another school year! Each year seems to fly by more quickly than the one before! Our heartfelt thank you goes to an extremely dedicated PTA for their tireless effort to make this year so successful. Yet again, we have organised a wide spectrum of exciting and educational activities, both VEO-wide and campus-based. The activities include art sessions, farm visits, sports games, talent shows, charity sale, aviation tour, parents sharing sessions, seminars, doctors and dentists workshops, overseas excursion...the list goes on!

A big highlight of the year, however, has to be our 4-day Parent-child Okinawa Educational Tour at the end of March! We received overwhelming support and over 160 participants joined the tour and spent a memorable Easter together engaging in an array of captivating activities!

We have also fully supported the graduation activities and album production, during which we have worked closely with our own campuses’ Organising Committees. Taking this opportunity, we would like to extend our warmest congratulations to the K3 graduates, their parents and the school! Your hard work has paid off and you have reached another important milestone in your life. Whilst it must be bitter sweet for the graduates to bid farewell to Victoria, we see that graduation is simply a beginning to another beautiful journey. Best of luck in your future and shine on, little stars!

As the school year winds down, we would also like to express how we truly enjoyed the wonderful opportunity to lead the PTA over the past year, which all seven of us have found to be extremely rewarding by connecting with the parents and the school to bring added value to our children’s educational experience. However, without the endless support from all parents and the school, we would not be able to achieve what we have achieved, so THANK YOU! It has been an honour to work with and serve you all.

We wish everyone a pleasant summer with your families!

俗語有云云「施比受更有福」! 「元宵市場-義賣日」和「齊來做個小檔主」活動, 我們認為無論是捐贈者、買物者及慈善團體同樣受惠, 可謂一舉多得!

這麼有意義的活動, 很榮幸我和博仁能參與其中, 親身感受到此賣物會的實際運作及背後「慈善、環保」的理念。感恩學校舉辦這樣有意義的活動, 讓小朋友除課堂以外, 得到另一種學習機會。還能夠為慈善團體「愛基金」籌得超過\$16000的善款!

賣物會之外, 謝謝老師們還為我們預備了精彩好玩的年宵攤位遊戲, 讓師生們一同感受農曆新年的歡樂!

9 - 6 - 2018

This was a fabulous event! My son, Ryan (K1A3pm), performed with four of his good friends. We moms wanted to give them a chance to perform, and our kids all extremely enjoyed themselves! The event was really well-organized, and the stage and sitting area looked great.

I was quite amazed by the performing children and applaud all the kids who were brave enough to perform on stage. The dance numbers were exciting with great choreography and cool costumes, the musical performances were impressive, and the kids who recited poetry were remarkable.

It's obvious: Harbour Heights really HAS got talent!

The Belcher Campus was proud to organize the Crayons Makeover – Parent-Child Workshop for the first time and it turned out to be an amazing experience for all parents, children and teachers. On March 17, 2018, 40 children and their parents gathered at the school and got ready for the crayon makeover! Under the guidance of Mrs Stephanie NG, students and parents had a fun morning sorting, melting and molding the used and broken crayons and transformed them into new and usable crayons with different shapes and colors. At the end of the workshop, each student brought home a small pack of “upcycled” crayons as a souvenir and the rest were donated to the International Social Service (ISS) Hong Kong Branch. Not only that our children learned a valuable lesson on sustainability, but by sharing gifts with underprivileged children, they also learned an important lesson of philanthropy.

We want to extend our heartfelt appreciation to Principal Ho and Mrs Stephanie NG, our Belcher Campus Parent Alumnae and 2011 PTA Chairperson, for their support to make this event possible. We are also delighted to see the school, students and parents alumni, PTA and parents working together as a “family” to help make this event a success!

On April 30, 2018, the Belcher Campus was very honored to have invited 9 parent alumni to return to the school for a Parents Gathering event and shared with us their children’s primary school experiences. The event was very well-received and more than 70 parents signed up. Through this sharing, parents gained insight of invaluable views and experiences on how to nurture their children; how to select the suitable primary schools for their children; as well as how to prepare the children for the transition from kindergarten to primary schools. By the end of the night, parents brought with them a handful of tips on different schools’ philosophies, values, routines, workloads, expectations and interview experiences.

Special thanks to the alumni parents’ precious time for doing this sharing with us, as well as the endless support from Principal HO and her staff on this event.

5月26日，寶翠園分校家教會舉行了「大手和小手，塗畫愛濃厚」父親節親子繪畫工作坊。當天有25個家庭出席活動，大家都非常滿意和感謝校方的安排。完成繪畫後，每個家庭都有合照時間，校方還會將相片和畫作印製成精美的紀念畫冊，送給每位參與家庭的爸爸，作為父親節禮物，極具意義呢！

我作為家教會委員，既協助當天的活動進行，又與孩子及爸爸共同創作。我們由構思、起稿、塗色，每個過程都與孩子一起商量和決定，三隻大小手在布上畫呀、畫呀……最後完成了一幅獨一無二，只屬於我們家庭的作品！其實每幅親子畫作都是無價寶，不在乎美與醜，最重要是大家都非常投入和享受這個溫馨時間，為孩子的童年回憶和父母的育兒心路寫下甜美的一章。熱切期待這本親子畫冊誕生！

What is the best recipe for a fun Sunday morning? A few rugby balls, passionate coaches, parents with cameras, and a group of over 40 enthusiastic children ready to break a sweat with some physical exercise!

We had a wonderful time at the Aberdeen sports ground with the Aberdeen Dolphins Rugby Club – a non-profit community sports club under the Hong Kong Rugby Football Union run by parent volunteers. This group of parent volunteers and young rugby players helped our little ones to learn the game of rugby, while teaching them about good sportsmanship and teamwork. Coaches began the morning with some warm-up runs across the field, followed by some light drills with the rugby ball, and ended with a few games of tag and ball passing. Children had fun playing and parents had fun cheering them on and taking lots of pictures! This was a great experience for our families to learn more about this wonderful sport. We are also happy to report that some of our students have found their love for the sport and since joined the Dolphins for their regular Sunday morning practices!

Our children, each dressed in a surgeon outfit, had a fantastic time learning about the different roles and specializations of a doctor, such as Cardiology, A&E, Obstetrics and Gynecology etc. They each took turns getting hands on in the various wards, learning how to use ultrasound to check the baby’s heartbeat, how to treat a wound, bath a newborn baby, suture and how to perform angioplasty. Our little doctors all had a wonderful and fun learning experience! For those who could not get a spot, hope we will have the opportunity to run this event again next year!

On 18th May 2018, we are honored having professional yoga teacher Christy Zhao spending an hour of parent-child yoga at Ho Man Tin campus. Christy is a mother of two with a 10 years old son and a 6 years old daughter. She shared with us that Yoga not only empowered her body, but also helped her build inner balance, from external spirit to her inner awareness, in additionally boosted positive energy to herself.

During the session, Christy showed us many yoga poses and explained the benefits of them. By toning our muscles and calming our minds with these simple stretches, as well as partnering up with our children on poses is a playful way to help them stay focus with body balanced. We learnt that yoga is a way to peace our mind simply through breath in and breath out. It is a joyful event combining exercise and parent child bonding time together.

“Old MacDonald had a Farm” is a well-known tune among little ones, but how many of them have actually visited a farm before?

Despite being the coldest day of this year, 130 students and parents from the Middle Kornhill campus managed to rise and shine early in the morning to catch the magic school bus to the Zen Organic Farm in Fanling for a fun-filled day. Not only did our inquisitive little ones get to learn about the importance of organic farming, but they were also given an opportunity to get their hands dirty through planting and harvesting in the fields.

Through the process of pizza making, the little chefs got to sample the fresh ingredients harvested from the farm and watch their edible masterpieces come to life in an outdoor wood oven. Besides, the scrumptious vegetable soup helped to warm everyone up to participate in the organic soap making workshop and nature walk.

Escaping from the classroom to Zen Organic Farm was truly a treat for our little ones. The sensational learning experience on the farm brought great joy to all of those who participated.

We joined the Aviation Exploration Tour on a beautiful Saturday morning. It was very interesting and we all had a great time. Enrollment was full within 20 minutes, and therefore we decided to organize a second tour so that more families could enjoy this event. We had over 120 participants on each tour! We visited the Hong Kong International Airport in two groups, each group was guided by an experienced aircraft engineer and his assistant who knew everything about the airport. We got to learn the compartmentalization of the airport, its function and importance to Hong Kong. Children were excited to see different types of aircrafts taking off. By the end of the activity, we were all familiar with a good number of hand signals! The final stop at the Aviation Discovery Centre was fascinating. Through different types of aviation themes exhibits, we understood more about the aviation development of Hong Kong. The tour was very informative and educational, and we look forward to re-visiting next time.

Due to the overwhelming response of the Aviation Exploration Tour in April, we held a second round on 19 May so more families could experience the fun. 120 tickets were sold out within 20 minutes again, another mind-blowing speed! The second tour was blessed with bright sunshine, skyline visibly clear to appreciate the loading zone and plane taking off the runway. Knowledge shared by the Aircraft Engineer and his assistant not only enlightened children's interest, parents kept raising questions too especially fathers! All children were able to attain official certificates issued by the organizer - Great China Pre Pilot Training. We hope this tour inspired the minds of young ones, and maybe one day, they become pilots of the future serving us in return.

Parent-child Educational Tour to Okinawa 2018
2018 親子訪沖繩教育交流團

29 - 3 - 2018 - 1 - 4 - 2018

The Victoria Okinawa trip was amazing – a fun-filled educational tour! Tickets were sold out like hot cakes, and it's totally worth it because all the activities were perfect for parents and children. Wholehearted gratitude to the school for taking great care of us, and making this tour a very memorable one to our families!

29/3

On the first day, we were warmly welcomed by Okinawa's famous Taiko drumming and Dragon Dance performances. Our little ones were free to put on traditional Okinawa costumes for the photo booth and invited to come to the stage to play with the professional crew too! Another highlight of the evening was the DIY sushi table which was frequented by kids busy making their very own signature sushi roll for themselves and their families!

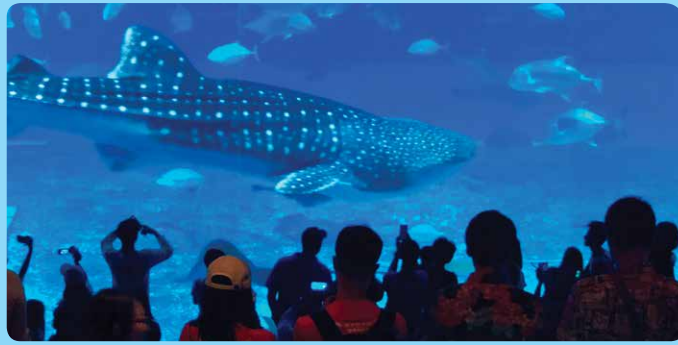

30/3

On the second day, we went to the Nago Pineapple Park where we walked through a pineapple jungle and sampled various snacks and drinks made from pineapples. Then, we visited a school turned into organic farm where they grew onions, tomatoes, celeries and herbs. We even rolled our own pizza and picnicked on the lawn – one-of-a-kind farm to table experience! After lunch, we visited the Okinawa Churaumi Aquarium to see the whale sharks and dolphins, a must-see in Okinawa.

31/3

On the third day, we visited a kindergarten in Okinawa that opened their doors to us even though it was a school holiday! The students greeted us with their traditional Taiko drumming and Dragon Dance performances, and we danced for them and exchanged gifts. Then, we went to paint Shisa (a traditional Ryukyuan cultural artifact and decoration resembling a cross between a lion and a dog). In the afternoon, we saw some military planes at the Kadena Air Base, the largest and most active U.S. Air Force base in the far east. That was followed by a DIY sweet potato tart session close on the beautiful Okinawa coastline.

The last day was marked by the Easter Egg Hunt at the beach! The kids turned the whole beach upside down to look for eggs in various sizes and colors! We're especially touched because the Principals delivered the egg hunt packs at our doors till rather late at night the day before, and buried the eggs in the beach very early in the morning on the day, THANKS!! Our kids have been taught well too as they cleaned up the beach afterwards – a fun and meaningful activity which brought us to the end of our remarkable Okinawa school trip!

Hello大家好，我叫雷天雨，是君匯港K3的學生。

能夠參加今次的沖繩親子交流團，我感到非常開心！我覺得開邦幼稚園的校園很特別，他們的太鼓表演非常出色！除此之外，沖繩的沙灘及風景非常美麗，學校和陳校長為我們安排的復活節尋蛋活動，很刺激好玩！我希望再次和爸爸媽媽去沖繩遊玩，而且想多逗留幾天，因為今次的交流團令我留下很多美好的回憶！

雷天雨 (K3A5, HG)

作為孩子人生中第一次遊學，沖繩之旅寓學於遊，寓教於樂。我們在有限的時間裡參觀了菠蘿園、水族館、空軍基地、彩繪了地球獅，充分領略了當地的民俗文化。同時，集體活動體驗及與當地幼稚園的交流更為孩子提供了直接學習的窗口。其中，當地小朋友精彩的表演、真摯的笑容以及學校“素直的心、反省的心、奉仕的心、謙虛的心、感謝的心”的“五心”教育理念都令我們感動、感觸！讀萬卷書，行萬里路。非常感謝學校和PTA組織了這次遊學，讓孩子們在愉快的旅行中豐盈了生活體驗、獲得了啟發和成長。

It was such a fun trip, great destination and tourist attractions chosen by the Victoria and Hong Thai. The trip was so well planned not only did we stay at a very decent hotel and eat great food but we also got to spend quality time with our daughter. We enjoyed the trip very much. And for Chloe, she enjoyed the lion painting, making pizza, easter egg hunting at the beach and visiting the Aquarium the most!! Will definitely joining this parent-child educational tour again in the future.

Parent Seminar - Raising Independent Children and Self-Directed Learners 「兒童自發學習沒難度」家長講座

8 - 5 - 2018

Speaker 講者: Mr Rex WU 胡君孟先生, Parent Child Education Expert 資深教育專家及講者

On May 8, 2018 evening, we were very honoured to have invited Mr Rex WU, the founder and principal of Healthymind Parent Academy and an experienced psychological counselor, to deliver a seminar entitled “Raising Independent Children and Self-Directed Learners” at the China Congregational Church. The response to his seminar was overwhelming with more than 180 parents attended the event.

Under an interactive atmosphere, Mr WU had presented us his real case studies on how to read our children minds and to dissect their behaviors according to their age. He emphasized that children can become self-motivated when their natural curiosity is encouraged and supported and tend to do things simply because they enjoy doing them. The seminar shed light on many parenting misconceptions and ineffective strategies that we routinely used.

It was an enjoyable evening and we trust everyone took away some valuable tips on how to raise self-directed and lifelong learners.

After a few months of brainstorming, meetings and preparation, Belcher campus had an unforgettable K3 graduation at Tree Top Cottage in Tai Po on 27 April. We had over 200 participants joining us that day. All children demonstrated themselves to be adventurous and courageous by climbing a ten-meter high tree house, sliding down a fire pole, leaping off a small cliff and zip lining a distance at speed. We also had a parent and child DIY leave model workshop and rafting activities. After dinner, we held a graduation ceremony with our honored guests giving speeches and our graduates giving heartwarming class performances. It was really touching when everyone was standing and singing the school song together. One could feel the sense of belonging and connection each child has to the school. The day ended with more singing and hugging among children and teachers around a real crackling campfire.

I wish all K3 graduates the best when facing the challenges ahead of them and will never give up. I also wish each graduate a healthy and happy life and will continue to shine along their paths.

I would like to thank Principal HO and the school staff for their support and help as well as my fellow Graduation Committee parents who worked very hard and contributed to the success of the event.

四年愉快難忘的幼稚園生活, 不知不覺已到了尾聲! 或許家長們都和我一樣, 為孩子健康快樂地成長, 能夠愉快地學習而感到安慰, 但同時亦有不捨。君匯港校舍K3畢業晚宴於6月1日晚上, 在又開心又感動的氣氛下完滿結束。能夠順利成功舉辦一個畢業晚宴, 我在此再一次感謝君匯港校舍的15位K3 Graduation Committee家長和3位家長義工的努力和付出, 他們過去的五個多月來, 竭盡所能為畢業冊和畢業晚宴用心跟進有關事宜。

小朋友們將快要升讀小一了, 祝願所有K3畢業生有一個愉快美好的小學生活!

Our 53rd Graduation Lunch Party was held successfully at The Langham Hong Kong on 9 June 2018 with about 320 guests joining us to celebrate the first milestone achieved by our children, and to express our gratitude to Principals, teachers and all school staff, for their dedications to our children.

The Party kicked start with a magic show and an opening speech from our “Magician” Dr Koong and Principal Kwok, followed by class performances by our four graduating classes, from Ukulele playing to hip-hop dancing, from singing in different languages to martial arts show – a good demonstration of our all-round “Victoria Superheroes”. And with the theme “Victoria Superheroes”, we had turned our Principal and teachers into Superheroes in the gift to school – a framed drawing of them in Superheroes costumes!

The Lunch Party was concluded with the “Goodbye Song”, but for sure all the good memories in Kindergarten will be rooted in our mind. Lastly, I wish to share a thoughtful quote by renowned physicist, Stephen HAWKING, with all the graduates – “Look up at the stars and not down at your feet. Try to make sense of what you see and wonder about what makes the universe exist. Be curious.”

It is only too soon to notice the kindergarten years have almost passed and it's time to get prepared for our children's graduation activity. It has been such a wonderful journey in the past four years. Our graduates have learned so much and become well geared up for the challenges in coming years. We are very grateful to Principal WONG, teachers and staffs who helped nurturing our children. It is truly our honor to gather together to organize this luncheon.

In the year of dragon, we had quite an overwhelming number of graduates and it was more than surprise to see the parents' immense support. Our team organized lots of fun game booths, exquisite decorations, heartfelt videos and gifts, and most of all incredible performances from our children. Though chaos was inevitable having almost a hundred of children on stage but the hard work was definitely paid off when we gain the satisfaction and appreciation from guests, teachers and parents.

I would like to take this opportunity to thank the big team of OCs, volunteered parents, teaching staffs and most of all our graduates. Each effort counts to make this happen. This is such an enjoyable challenge for us too. I hope we have set up a good example to our children to explore every possibility when they come across difficulties.

Last but not the least, may I wish all of our graduates a bright new future ahead. Try everything and don't give up. Cheers!

On May 31st, 2018, the Class of 2017-18 of Kornhill Victoria Nursery and Kindergarten held their Graduation Dinner Party at Kornhill ClubOne. Honorary guests including Mrs Jennifer CHENG, Mrs Lyn CHEETHAM, Dr Maggie KOONG, Ms Genevieve BEST, Principal Cathin WONG, teachers, and staff joined the party with great delight.

The K3 graduates learnt tremendously from the inspiring speeches, song-singing, and storytelling by the honorary guests. The graduates performed two songs “讓愛傳出去” and “Heal the World” to express their thankfulness to the school, teachers, and staff for preparing them for future challenges and directing them to the right path to live a wonderful life. The teachers also prepared a very meaningful song called “重要的義意” as a surprise gift to parents and graduates. Another highlight of the party is the thank you video of graduates to express their gratitude to school. The parents also created new lyrics of a song and named it “中康最美 只因有你” to yet again thank the efforts, time, and love of Principal Wong and her staff in providing a supportive, secure, fun, and loving learning environment.

Thanks to the close collaboration amongst the school, organizing committee members, and parents, the graduation dinner party was a great success!

Victoria South Horizon's Class of 2018 held their celebratory graduation lunch on June 9th, 2018 at the Aberdeen Marina Club.

Lunch kicked off with the School Song. This was followed by Ms Genevieve BEST leading an acapella rendition of Incy Wincy Spider - a timely reminder on the power of grit as our graduates move on to a new chapter of their lives. It was an afternoon of much fun and laughter with carnival games, photo booths, an energetic act by Big Ben and heartwarming performances from all three K3 classes and a surprise performance from parents (aka K3A4 class!). It was a wonderful day of celebration and on behalf of all graduates and their parents, a huge thank you to our beloved Principal Maggie AU, Ms Genevieve BEST, Head teachers, K3 teachers, all teachers and staff for making the day memorable for all of us, and for their love and care over the years. Kudos also to the incredible organizing committee for their dedication and hard work in making the afternoon possible.

We wish the Class of 2018 all the best for the future!

Graduation Album 畢業紀念冊

The first stage of our children's education journey is coming to an end. 4 years of kindergarten life has been incredible, and there's no better way than creating a graduation album to record all the memories that Victoria has brought us. Thank you everyone in the Graduation Album Organizing Committee for your dedication and effort in putting together this wonderful album. From collecting photos, to communicating with printers, your 5 months of hard work in bringing our graduates a memory of a life time is deeply appreciated.

Mrs Esther CHENG
Mother of Aedus CHENG (K3A1am&pm, HG)
