## Message from the Executive Director of VEO 行政總監的話

Dear Parents,

Summer is finally here! I would like to extend my personal thanks to all of you for your support and involvement in the many milestone VEO events of the past few months. As I am writing this, we are planning our Graduation Ceremony for all our brilliant K3 graduates, and I am grateful and hopeful that we will be able to celebrate their accomplishments in person! Earlier this year, during a time when Hong Kong and our community were impacted by Covid-19, you and your families made certain that our efforts to implement hybrid online and offline learning were a success – thank you again for all your efforts!

Over the past few months, VEO saw an abundance of parent-led schoolwide activities, such as farm visits, charity donation drives, educational health webinars, and various types of movement, and arts and crafts workshops! Thank you for your support, time and commitment to our VEO community to make these a success. VEO simply would not be VEO without you!

In recent weeks, VEO has had the privilege and delight of recognizing our students' learning outcomes through our Learning Journeys and student-led conferences. These campus-based events marked our students' learning achievements and their important developmental milestones, with students sharing and presenting with great clarity and confidence. We are so proud of each and every bright VEO star!

We are indeed proud of all our students, of the entire VEO student body, for exhibiting such resilience of character and faith over the last challenging year. In the same breath, I must take this opportunity to commend our VEO staff from across all units: from maintenance to administration, teaching, curriculum, technical assistance, and management, VEO staff are the touchstone of this wonderful organisation, maintaining our high teaching and learning standards.

As I depart VEO at the end of this academic year, I am so proud of all our stellar students, our dedicated staff and am truly thankful to have such supportive VEO parents. It is an enormous understatement to say that I will miss our VEO community. I could not be prouder of the kind of future ready learning that we have designed for our students. I could not be prouder of the people our kindergartners are today and have yet to become: caring, passionate lifelong learners who will certainly make a positive impact on our community and the world.

Thank you for allowing me to lead VEO from the helm for the last three years. I join everyone in wishing and hoping for a bright future for our students and for our extended VEO family.

Wishing you and your families good health and much happiness this summer and beyond!

Please stay in touch!

Best Wishes,  
Ms Rebecca IP

## Message from Principals 校長的話

Principal Dianna CHAN (HG)	Principal Gabriel LI (UK)
Principal Debbie CHENG (HH)	Principal Cathin WONG (MK)
Principal Lovan HO (BV)	Principal Lesley WONG (LK)
Principal Karen HUI (SH)	Ms Genevieve BEST (Director of English Studies)
Principal Blanche KWOK (HMT)	

The end of the year is a good time to prepare our children and families for the transition to the next year level, or to ready them to leave our kindergartens to go to Primary schools. To support these transitions, our PTA and campuses have arranged various seminars and parent sharing sessions during this term.

By carefully planning for these important times of transition, we can facilitate the adjustment process experienced by both students and their families. At the heart of ensuring these changes are positively experienced by all are the foundational, respectful relationships that have been established between our parents and professional staff.

Supporting each other and building relationships creates lasting memories with fun activities. We've done many of these this year, such as making Cartoon Dumplings and noodles, attending Drama workshops, learning to do STEAM experiments and learning how to capture moments through photo taking ideas.

It's important as well to celebrate accomplishments during transition times in order to help young children comprehend that they are moving on from this chapter to the next of their education. We appreciate the parents' participation in recognising the children's growth during the learning journey, exhibition and Student Led Conference, as well as the momentous occasion of Graduation.

We want to give recognition to and celebrate those who helped to make this year a success through all the transitions we have had. Thank you to the teachers for their hard work, to the parents for their support and trust in us, and to the children for their perseverance in learning. We hope you all have a lovely summer!

We are so thankful and grateful for the support of Principals, teachers, and all school staff for nurturing and educating our children to ensure the best possible learning experience from home and from school. We would also like to express our gratitude to all parents for your commitment to the PTA community, especially as we gear ourselves through the changing circumstances of the pandemic.

Although some of our PTA activities had to be changed to the online mode, we worked collaboratively towards the shared goals of the well-being of our children and all families. Please take a moment to enjoy the highlights that have been put together in the newsletter, showcasing the amazing energy and passion we all share as part of the VEO family.

As the school year is approaching to its end, and some of our children will be graduating, we would like to express how we truly enjoyed the wonderful opportunity to contribute to the PTA community. It was truly a rewarding experience to connect with parents and the school to create a memorable kindergarten journey for our children.

Congratulations to all of our students and to our graduating class of 2022! We wish you all the best in your upcoming adventures. As Victoria alumni, we have the support of each other to start an exciting chapter ahead of us.

Last but not least, we would like to wish everyone an exciting yet safe summer – with lots of fun, sweat, and bonding time with your loved ones.

# Talent Show 2022 才藝大匯演 2022

1.4 - 6.5.2022

Chief Coordinators 統籌委員 : Mrs Vivian CHAN  
Sub-committees 執行委員 : Mr LIM Yon Hon

More than four months away from physical school life and, well, just about everything else closed during the COVID-19 crisis, VEOPTA had never stopped to find new ways for our students to connect with each other even though they were not able to meet up in person.

That brought us the VEOPTA Talent Shows 2022. Over 250 submissions were received across all campuses. Student performers displayed their talents like playing musical instruments, skateboarding, stand-up comedy, magic tricks, as well as demonstrating how to tie dye T-shirts.

Beyond keeping the kids entertained during the lockdowns, the performances encouraged them to work on their talents, and offered our students a rewarding experience showcasing their creativity and style. It was not only fun for the kids and their families, but also offered a chance for teachers and parents to know their children better than they had ever done before the pandemic.

Leading Campuses 領導分校 : SH & HG

Organizing Committee 統籌委員 : Mrs Esther CHENG, Mrs Joyce LAM, Mrs Melissa LAU,  
Mrs Annabelle TZE, Mrs Florence WONG

Environmental protection has always been an important topic for our kids to learn since young. On June 4, 2022, over 100 students joined together on ZOOM to attend an educational drama workshop performed by The Theatre Wonderland. Through all the fun interactions, songs & dances, our students were able to learn about the importance of their actions and their impact on all living things in our environment. Thank you, all Principals and PTA excoms, in supporting & organizing this event so our students had the opportunity to kick off their Saturday morning with lots of laughter while learning about the different ways to better save our planet.

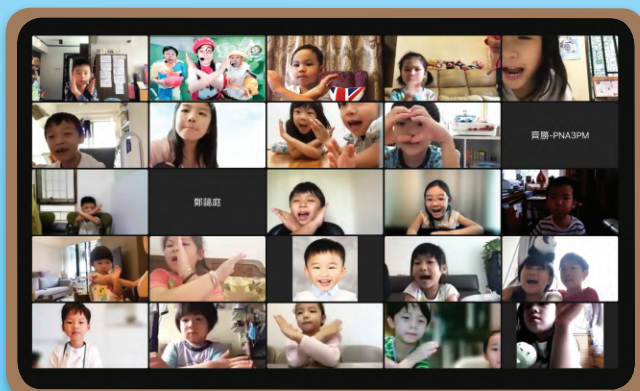

Mrs Esther CHENG  
Mother of Aedric Tsun Yin CHENG (K2A2AM, HG)

Teaching environmental responsibility should start young. The education drama workshop managed to deliver a fun and impactful performance to enforce several key principles of protecting the environment where the little ones can take a leading role in their family.

1. Always bring a shopping bag.
2. 4Rs – Reduce, Replace, Reuse and Recycle.
3. How to properly sort and recycle.

My son kept quoting the 4Rs throughout the day!

# “Live in Harmony with Nature” Drama Workshop – The Theatre Wonderland

4.6.2022

## 從生活中守護我的「生物好鄰居」教育音樂劇

I enjoyed the drama workshop and the ideas shared.

- Bring our own bag when we go shopping
- Do not waste paper and plastic bags
- Do not eat the same food every day
- Eat more healthy food and less junk food
- Use less straws
- Keep the environment clean by throwing the rubbish into the bin.

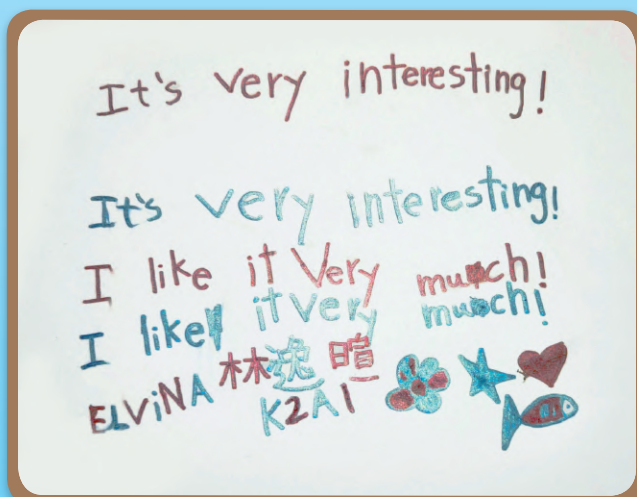

Thank you for the wonderful story. I had so much fun and lots of laughter.

Mrs Annabelle TZE  
Mother of Elizabeth TZE (K3A3PM, SH)

The drama workshop “Live in Harmony with Nature” held on 4 June 2022 was so much fun! Our kids participated enthusiastically and actively throughout the performance. They danced, giggled and interacted with the performers. They were also amused by the performers’ funny and colourful costumes. To my surprise, after the show, our kids could still recall and explain to us the 4Rs concepts as well as reminded us to treasure and protect animals, plants and the environment. The drama also instigates the kids’ interest in natural science. We look forward to participating in the next PTA event!

## Capture the Moment – Photography Sharing Session 留住這一刻 — 攝影分享會

Chief Coordinator 統籌委員：Mr Wing Wai LAI

Sub-committee 執行委員：Mr John LEE

Speakers 講者：Mr LUI Siu Wai and Mr Kin CHEUNG

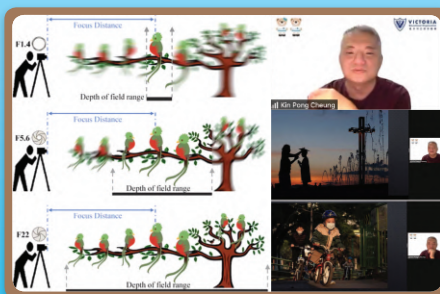

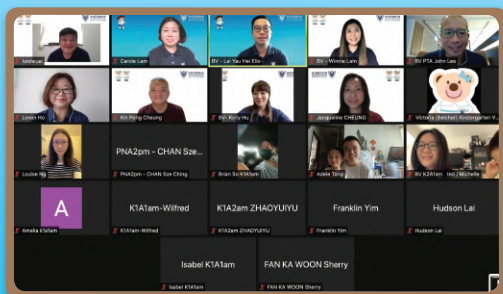

Nowadays, everyone possesses a mobile phone. However, not everyone knows how to capture photos that fulfil his or her satisfaction. This Saturday, we participated in a photography sharing session, where two fathers were there to share their experiences with photography. They have taught iPhone or Android users various skills on how to take portraits, landscapes, and composition photography tips, as well as how to retouch photos.

Believed that we have benefited from this sharing session as we have grasped numerous photographic skills, which we can use to record remarkable moments in our life!

Special thanks to the endless support from Principal HO, Ms LUI, Ms NG, alumni parents Mr LUI and Mr CHEUNG, PTA committees and all the participating parents.

# Cartoon Dumpling and Noodle Workshop 卡通餃子湯麵製作工作坊

14.5.2022

Chief Coordinator 統籌委員：Mrs Alice CHUNG

“Who wants to make cute dumplings?” All of them raised their hands as it’s finally the long awaited Cartoon Dumpling and Noodle Workshop! After all, they have looked forward to it since the parcel of ingredients and tools arrived at their doorstep. This Saturday morning, under the guidance of the instructor, Joanne, kids had first hand experience kneading the dough in vibrant colours, rolling them out to make the dumpling sheets, and adding various features like ears, eyes, mouth and tummy of the cartoon characters that they had in mind! We had so much fun that 90 minutes went by in no time. Of course, these creative art pieces, when cooked, went straight to our stomachs and were served as a delicious and rewarding meal!

Moderate-to-vigorous physical activity is vital to the physical and mental well-being of children. Restrictions during the pandemic have limited the chance for outdoor activities. On 28th May, VEOPTA HH was honored to invite Ms Sarah HASSALL, an experienced dance choreographer, to conduct an online hip hop dance workshop for our VEO community. The workshop aimed to build up the kid's understanding about rhythm, coordination and movements. Through Ms HASSALL's demonstration, the kids and even their parents had enjoyed the hour spent with each other with funny moves and laughter along the way. We are also very honoured to have Principal CHENG joining this event. A big thank you to Ms HASSALL, Principal CHENG and our students for participating in this event.

The pandemic has distanced us from learning at school and doing exercise outdoor, but not all our movements are restricted. On the first day of Easter holiday, April 15, 2022, the Harbour Green Campus PTA was proud to organize the online "Hip Hop Fun Dance". We were honored to invite Teacher JP Rossouw from the Red Shoe Dance, an experienced Dancer and Choreographer, to introduce simple and easy-to-learn Hip Hop moves. With the hip hop beats and songs, Teacher JP connected us with dance, raised our heart rates, allowed us to stretch and built strength all at the same time. Parents and kids were moving in the same direction to the same rhythm, all of us enjoyed the hour spent with lots of fun and laughter along the way. These are all of the things that we need now more than ever. Big thank you to Teacher JP and all the participants, we would like to extend our heartfelt appreciation to Principal CHAN, Ms WU and our PTA executive committee for organizing this event. We all look forward to a face-to-face Hip Hop Dance together in the coming year!

## Home Based Learning, Happy Sharing 在家學習·快樂分享

Chief Coordinator 統籌委員：Mrs Candy CHUA and Mrs Queenie LEUNG

Easter is about hope, love and family and Easter is always fun for kids. Amidst the challenges caused by the Covid pandemic, Homantin PTA has successfully organized "Home-based learning, Happy Sharing!" event. The event allowed parents to share ideas and interesting activities that they can enjoy with kids at home during the Easter holiday.

The event was a great success and we were extremely grateful to have received overwhelming subscriptions from parents sharing delightful activity ideas at home, including singing, musical instruments, art and craft, dancing, poem reading, planting, cooking, etc. We were impressed with all these talents among Victoria families. Special thanks to Principal Blanche KWOK, Chairperson Ramona Schmidt, parents, students and our PTA team for sharing these interesting ideas! We are sure that kids had a wonderful Easter celebration at home this year!

## Primary One Application Process Webinar 小一入學家長分享會

13.5.2022

Chief Coordinator 統籌委員：Mrs Ramona ZHANG

We were pleased to hold the "Primary One Application Process Webinar" on 13<sup>th</sup> May 2022 (Friday) for our Lower Class parents. In addition to the informative session of sharing P1 application process with key reminders, one of the most anticipated agenda was to invite alumni parents to share their invaluable experience and tips throughout the P1 application journey.

It was our pleasure to have alumni parents sharing with us the interview process for respective local school, private school, direct subsidy school – as we hoped to cover different school types to give parents a more comprehensive perspective. It was a very well attended event to learn about respective school's criteria of selection, their philosophies and values, homework load, expectations etc. Although we could not conduct the event in person this year, the sharing has been very fruitful as our alumni parents shared their personal tips beyond school application – such as preparing for transition, what to expect at primary, and also parent's mindset and expectation.

The event was a success and we were delighted to receive positive feedbacks from the participating parents. We were incredibly grateful for the alumni parents' precious time and insightful sharing, and would also like to thank Principal KWOK and the School for their time and dedication in organising this event with PTA.

## Parent Webinar on Kid's Cyber Safety 兒童網上安全家長講座

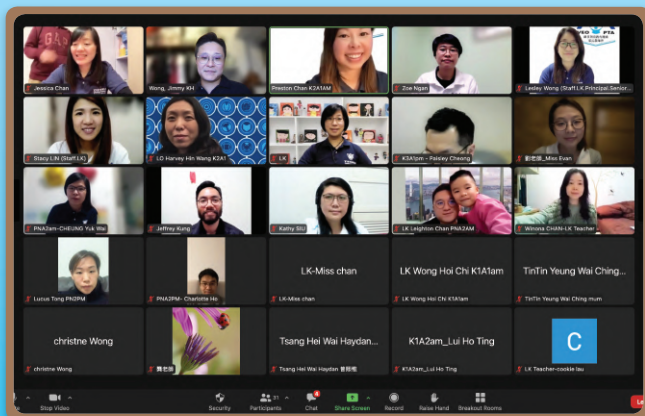

28.2.2022

Chief Coordinator 統籌委員：Mr Jimmy WONG

The PTA of the Lower Kornhill Campus hosted a webinar on cyber safety earlier in February. The aim of the seminar is to bridge the gap between our "digital immigrant" parents and their "digital native" children on their respective understandings and uses of the Internet and information technologies.

In the webinar, Mr Jimmy WONG, one of our parents who is also a cybersecurity expert in practice, offered practical tips to our parents on how to identify and tackle online security pitfalls in different scenarios, such as uses of social media, playing online games, and setting up your network at home, with both online and offline toolkits. Our parents found the webinar very informative with useful insights which would help them navigate the open sea of cybersecurity.

## Mexican Art and Culture Workshop 墨西哥藝術與工藝工作坊

28.5.2022

Chief Coordinator 統籌委員：Mrs Bollie LEE

Remember how you felt when your kid broke something last time? For the parents who joined our Mexican Art and Culture Workshop at our Lower Kornhill campus, it was pure joy!

Led by instructors from "Chicaca Culture", more than 80 parents and kids unleashed their creativity on hand-made colourful piñatas, a traditional Mexican papier-mâché container. But the satisfaction came mostly from the BREAKING of it. After making the alpaca-shaped piñata, the kids broke it open with sticks and tremendous enthusiasm to get their rewards – a shower of snacks and stationery! In the course, the kids also listened to the story about Frida Kahlo, a Mexican artist known for her fantastical self-portraits.

A little smashing now and then is a healthy thing, don't you think?

Mr Jeffrey KUNG  
Father of Audrey KUNG (K3A2PM, LK)

## STEAM Experiment e-Learning STEAM 網上實驗

28.5.2022

Chief Coordinator 統籌委員：Mrs Michelle KOT

Middle Kornhill campus was happy to participate in the STEAM e-Learning Experiment co-organised with "BIG BANG ACADEMY". It was a great opportunity for our children to learn some interesting science concepts while having a lot of fun!

Many families and children joined in this online workshop. Children were doing two different science experiments: the "Bling Bling Heart Explosion" which was about acid and base reaction; and the "Chromatography art" which was about colour separation. The children made a lot of colourful butterflies through these science experiments, and they had a chance to present and share their observations and creativity throughout.

We are very grateful for Big Bang Academy's facilitator – the workshop was truly fun and educational at the same time. All families and children enjoyed the time together!

## Parent Child Yoga Class 親子瑜伽課

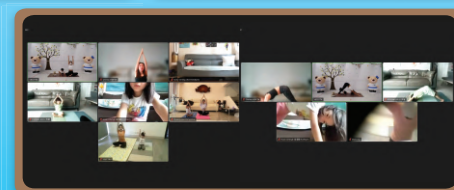

18.6.2022

Chief Coordinator 統籌委員：Mrs Meagan PAU  
Sub-committee 執行委員：Mr Kevin CHENG and Mrs Christy WAN

Yoga and mindfulness continue to gain increasing popularity as it is proven to improve both physical and mental health, enhance concentration and better sleep quality. On 18 June 2022, we were thrilled to have invited one of our excoms, Mrs Meagan PAU, an experienced yoga instructor to conduct the "Parent Child Yoga Class" for us on the Father's Day weekend. By learning through a sequence of mindful movements, poses and breathing practices embraced by an animal theme, our students and parents had a great time practicing partner poses on the mat together. It was such an amazing opportunity to introduce yoga to our students at the young age, most importantly parents and children had a great bonding time building trust and connection between each other.
